

Friday 11th December - Week 14

Welcome to week 14 of autumn term.

Covid

Welcome back to Delamere and Thetford classes!

We are now in the danger period as far as potential isolation over Christmas goes.

Any bubbles closing now will probably affect get-togethers on Christmas Day. The isolation period is changing to 10 days from Monday 14th but it is still likely to impact on Christmas Day. Once again I must ask you to take extra precautions. Encourage children to wash hands, be mindful of who they mix with. Be especially mindful if they have older brothers and sisters in high school as infection rates are much higher. Watch out for symptoms and please keep children off until you get an all clear.

Halton are now offering a complete testing programme as they have been doing in Liverpool. Everyone is advised to be tested even if you have no symptoms. This is starting on Monday at Grangeway Community Centre and also Ditton CC in Widnes. Please note, this is for people with no symptoms. If you have symptoms you should get tested at one of the other centres.

Non-Covid

I sent out an email yesterday explaining our position on the change of date for end of term. Just to confirm, we are still finishing on 18th. If you want to pick children up early (after 1pm) then that is fine but we will be open until 3pm as normal if parents are working and can't get here earlier. I want to ensure we maintain social distancing so please follow the system of entering at the bottom gate and leave through the top gate. If it's busy, please form a queue (2m gaps) outside the office and we will get to you in due course. Hopefully it won't be raining...

Thank you for the books for our lending library. We've had quite a few donations although I'm not sure how many have been taken. Please pop in and borrow a book any time.

Please do continue to check the website for updates. We post information and school-specific guides there.
